

## 4<sup>th</sup> Annual Charity Golf Event Big Success!

RBTK just celebrated its 4<sup>th</sup> Annual Charity Golf Tournament at the beautiful Rancho Bernardo Inn, which proved to be another huge success. Raising over \$13,000 to benefit the Rancho Family YMCA and Bayside Community Center, the event will make a positive impact on the San Diego community. A day of golf, some great camaraderie, a raffle, and both silent and live auctions demonstrate that giving back can be fun. The success of the event can be attributed to the many golfers and sponsors who stood up, including RBTK, Mighty 1080 AM, Alliant, ThinOptics, the YMCA, Bayside Community Center,

Kincaid Industries, Skyline Home Loans, Primary Kneads Massage and Wellness Spa, MSK Construction, eLiveLife, The PatioGroup, CNA Surety, Sports Clips, Rita's Italian Ice, Johnson Finch & McClure Construction Inc., Barney & Barney, Charles Lee Photography, Alliant Group, SpearHall Advertising & PR, Gould Electric Inc., and LL Printers.

## If I Knew Then What I Know Now

We can all agree that if we knew then what we know now, we may have done things a little differently. From this comes one important lesson learned; sometimes we need to take a step back and appreciate the present instead of constantly dwelling on the past and looking to the future. Looking back on the past with “could have’s” and “should have’s” leads us to forget about the growth we have made as individuals and we forget to cherish the present moment.

Every single day presents a new opportunity, a new chance for growth and learning. As adults, it’s hard to take a step back and live life on a day-to-day basis without thinking about the past and future. What we need to remember is that we are still the same person and each day still gives us new opportunities. There are milestones in life that everyone dreams of reaching, but the best part of life is the simple pleasures of every day. For this, we should be celebrating our daily accomplishments, no matter how small.

Whether it is success in business, raising a family, or our many friendships, we need to learn how to cherish our successes as well as our failures. A life without mistakes deprives us from growth to become better, smarter people who are constantly pushing the limits of success. Take a leap of faith and stop fearing the “could have’s” or “should have’s” because progress can only be made by doing and there is no better time to start than right now.

We are half way through the year, so focus on making the rest of 2015 your best year yet. Use this moment to take a deep breath. Look at your family and your friends, value this moment, and have a great rest of 2015!
